

Amendment filed on August 20, 2003) did not conform with the requirements of Section 1453 of the MPEP. By this Amendment, applicant is submitting a request for the same amendment by asking that the entire paragraph be deleted in favor of a new version of the paragraph amended to show the changes desired in the form required by MPEP 1453.

By this paper, applicant wishes to correct an inadvertent misstatement made in the Remarks on page 3 of the Transmittal Letter and Supplemental Response filed on October 2, 2003. In particular, the undersigned indicated that each litigant identified in the attached Exhibit C had agreed to accept a license when, as correctly noted in Exhibit C, one of the litigants (namely Kyocera) had merely been dismissed from the litigation in Chicago and Kyocera's declaratory judgment action against the assignee in California was also dismissed for lack of jurisdiction over the assignee.

Should the Examiner note any further informalities, he is requested to contact the undersigned at 703 795 0519 or 540 972 5606 or at the number indicated below. Re-examination and allowance of this divisional reissue application is now requested.

Respectfully submitted,
